Photo Exhibition at TIAL

Thiruvananthapuram June 8: On World Oceans Day, Thiruvananthapuram International Airport has launched an Ocean-themed digital photo exhibition in association with Kerala Union of Working Journalists and media photographers' association Capital Lens View. Ocean photos captured by 18 photographers from various media are included in the exhibition.

There are 25 photos on display that cover the challenges faced by marine ecosystems including pollution, the survival of fishermen and the beauty of Kerala's coastal region. The exhibition will be shown through video walls in the international and domestic terminals of the airport. The week-long exhibition will conclude on the 15th.
