New Pickup zone ready for domestic arrival passengers

Ahmedabad, 30 January 2023, Sardar Vallabhbhai Patel International Airport continues its endeavor to offer new services and improve the passenger experience with every passing day. With its commitment towards making Ahmedabad airport a formidable Gateway to Gujarat, a new arrival pickup zone was made operational today to enhance existing infrastructure. The newly opened arrival pickup zone has 4 lanes, which are currently operational and will ensure seamless pickup by private cars, BRTS Bus and enhancing pedestrian movement.

Ahmedabad airport is also working at full speed to open the newly made forecourt area in front of arrivals in T-1, which is currently under construction. Once opened, it is supposed to be a major attraction with many upcoming F&B, retail, relaxing outlets, etc. The area is expected to be ready in the next few months.
