

Great start to the year 2023, Mumbai International Airport witnessed surge in passenger movement in January

- Catering to nearly 4.5 million passengers, CSMIA achieves pre-Covid mark for the month of January 2023.
- Passenger traffic surged by 149% as compared to January 2022.
- Domestic passenger traffic represented around 61% of the overall passenger movement during the month.

Mumbai, 13th February 2023: Being the second busiest airports in the country, Mumbai's Chhatrapati Shivaji Maharaj International Airport (CSMIA) has recorded nearly 4.5 million passenger movements in January 2023. Exhibiting significant growth, CSMIA witnessed a fruitful first month with nearly 1.2 million international passengers, and around 3.2 million domestic passengers. The increase in passenger traffic is a testament to CSMIA's efforts in this regard as well as the passenger confidence in the safety initiatives and protocols adopted by the airport.

CSMIA, in January 2023, has played host to approximately 4.5 million passengers across 27,331 flights, which is 149% higher than the number in January 2022 movement. Out of the overall passenger movement, CSMIA witnessed 61% domestic passenger traffic and the rest 39% were international travellers. With an average footfall on 140,641 passengers across 882 flights, CSMIA is hopeful to be consistent and gain the growth momentum steadily. This rise in travellers was driven by positive sentiments among air travellers and a strong surge due to the festive holiday season. Moreover, CSMIA, handled a record single day passenger movement of around 1,50,988 travellers in December 2022, transiting through the airport. This record traffic in a single day proves passengers' rising confidence in CSMIA's initiatives towards improved customer experience.

Dubai, London, and Abu Dhabi held the spot as the top three international destinations from Mumbai. Whereas Delhi, Bengaluru, and Goa continue to retain their position as the top three domestic destinations. CSMIA currently acts as a gateway to 65 domestic and 47 international destinations for passengers from Mumbai and its surrounding areas.

CSMIA with its passenger-centric approach, aims to be a world-class airport, pursuing excellence while creating a safe, secure, and efficient airport ecosystem. With the goal of serving as a "Gateway to Goodness," CSMIA is resolutely committed to looking beyond the challenges with a holistic approach and providing passengers with a seamless travel experience.

About Mumbai International Airport Limited (MIAL):

Mumbai International Airport Limited (MIAL) is managed by Adani Airport Holdings Limited (AAHL), a subsidiary of Adani Enterprises, the flagship company of the globally diversified Adani Group. MIAL is a Public-Private Partnership (PPP) venture between AAHL, holding a majority stake of 74%, and the Airports Authority of India, holding the rest 26%. AAHL aims to converge India's biggest cities in a hub and spoke model through the Group's proven strength in developing and managing complex transport & logistics hubs.

With a strong understanding of modern-day mobility requirements, the Adani Group's vision for MIAL is to reinvent Mumbai International Airport as India's biggest aerotropolis, where the traditional airport nucleus of passenger and cargo infrastructure will be reinforced by interdependent clusters of commercial and residential infrastructure to create the nation's busiest airport ecosystem.

MIAL has been further envisioned as a global air-travel focal point where domestic and international flyers actively engage in business and leisure supported by metropolitan expansion that catalyzes aviation-linked businesses and employment opportunities. At MIAL, we intend to create distinctiveness with an experiential offering that puts Mumbai first.
