

Media Statement

18 September 2024

"We have come across a report published by The Standard (Kenya) claiming that the Adani Group made a statement regarding the Kenya Airports Authority and the approval process of a proposal. We would like to clarify that this report is entirely false. The Adani Group has neither issued any such statement nor engaged with the media on this matter. We urge media outlets to verify information through official channels before publishing, to avoid the spread of misinformation"

-Spokesperson - Adani Group
